

# **COMMUNITY FORUM**

The Rolando Community Council (RCC) is a grassroots neighborhood organization devoted to making life in Rolando better. We don't like to think of ourselves as an organization – we are an open and inclusive group of neighbors who work together to enhance our shared community life. **We are always eager for new faces, new energy, and new ideas.** If you live in Rolando, RCC belongs to you.

## **Our hopes for tonight...**

- We want to make sure you're informed
- We want to make sure all parties are heard
- We want you to ask questions
- We are committed to making life in Rolando better even if that means talking through challenges.
- We acknowledge that tonight might not bring solutions, but tonight is part of a larger process.
